ETERNAL SUNSHINE

Italian photographer Massimo Vitali's work features highly populated landscapes that invite the viewer to act as voyeur, inspecting and analyzing the crowd at hand. The **M+B Gallery** in West Hollywood will host a solo exhibition of the artist's large-scale color photographs of beaches in New York and Europe. *Vecchiano 2* (above), from 1999, captures a summer day on a beach in Italy. *Oct. 21–Nov. 22; 612 N. Almont Dr., West Hollywood,*
